About Me

I'm front-end react-developer with passion in programming and experience creating SPA applications. Always studying something new and level up my skills, have an interest to became a full-stack developer. Improve my english reading docs and searching solutions of tasks in english. Ready to consider project work or full-time employment for front-end React-developer.

Work Experience

Freelance front-end React-developer, 07/2022-till now

Used stack of technologies: React/Redux/Typescript.

Used libraries: React Redux, Redux Form, RTK, React-Router-Dom, Axios, Formik, Material UI, Storybook.

My tasks: fix bugs in applications, search for errors, refactor code, auth and login flow, write unit tests for reducers, develop user interface.

Freelance photographer, 05/2010-03/2019

Made content from sport events, for advertising. Work in group of two people.
