- TypeScript, JS/ES6+
- Axios, Rest API, Postman
- Material UI, SCSS
- Storybook, Jest, TDD
- Formik, Redux Form
- GIT, GitHub

Professional Summary

I'm front-end react-developer with passion in programming and experience creating SPA applications. Always studying something new and level up my skills, have an interest to become a full-stack developer. In free time do katas on Codewars. Improve my english reading docs and searching solutions of tasks in english. Ready to consider project work or full-time employment for front-end React-developer.

Work Experience

07/2022-till now

Freelance front-end React-developer

Used stack of technologies: React/Redux/Typescript.
Used libraries: React Redux, Redux Form, RTK, React-Router-Dom, Axios, Formik, Material UI, Storybook.
My tasks: fix bugs in applications, search for errors, refactor code, auth and login flow, write unit tests for reducers, develop user interface.

09/2009-03/2022
